Marcia,
Looks like the same issue Ex. 7(A) is raising. I know you have looked into this. Is there anything already written we can use to reply?

Hello Cathy:

It was surely a pleasure meeting you on August 23 at our Kensington Plant and we very much appreciate your interest in our industry and also appreciated you taking the time to discuss some of our concerns. Attached is a letter (hard copy to follow via mail) that will hopefully illustrate the concern we have with one specific finding of violation (FOV) allegation from Region V EPA for our Harrison Hub Plant.

We hope to see you again soon as you are always welcome to visit our other plants and facilities. We would especially like to show you around the Harrison Hub Plant as it is by far our largest facility.

Please do not hesitate to contact me if you or your staff would like to discuss the attached letter further and thanks again for listening.

Sincerely,

Jim Roberts
